

Dear Friends,

On behalf of our **Plantrician Project** team, **we'd like to extend our sincerest blessings to you and your family this holiday season.** Your expressions of support throughout this year have been deeply appreciated. Every note of thanks and encouragement has reaffirmed the vision and mission of the Project.

**We'd like to invite you to join us as a [Plantrician Project Partner](#):** Your tax-deductible donations enable us to fulfill our mission of developing educational events, tools and resources that educate, equip and empower you and those you serve with the health-protecting, disease-fighting power of whole food, plant-based nutrition. **Every dollar is an investment in one of the most important causes of our time, impacting not only health, but also fiscal and global sustainability.**

It was gratifying to see nearly 600 professionals, representing 15 countries, gathered in attendance for the CME accredited **International Plant-based Nutrition Healthcare Conference (PBNHC) just a few short months ago.** The 3<sup>rd</sup> annual event was an incredible success, setting the stage for a breakout 2016. This year we also birthed the Geo finder **plantbaseddocs.com** searchable online directory, the [Plant-based Nutrition Quick Start Guide](#) (5,000 copies have already been distributed), the online [Culinary-Rx.com](#) plant-based nutrition and cooking course in collaboration with Rouxbe, the online [PBN Ultimate Resource Guide](#) of curated best-in-class resources, and the **International Cardiovascular Nutrition Summit.** Exciting plans are underway for the coming year designed to spread the message of whole food, plant-based nutrition, equipping and inspiring healthcare professionals to utilize PBN as a cornerstone of treatment.

**As a not-for-profit 501c3, the scope and reach of The Plantrician Project are expanded through the support of friends like you,** helping to advance this vital movement to provide health, hope and healing through the power of our food choices. **Please consider joining us as a Plantrician Project Partner—every dollar, whether \$25 or \$2,500 has exponential impact.** You may donate online at [www.PlantricianProject.org](http://www.PlantricianProject.org). Our mailing address is P.O. Box 266, New Canaan, CT 06840-0266. For questions, please contact us at [partner@plantricianproject.org](mailto:partner@plantricianproject.org).

Thank you, in advance, for your continued support. We hope to see you in Anaheim for the **4<sup>th</sup> annual International Plant-based Nutrition Healthcare Conference, set for September 21-24 at the Anaheim Marriot.** Save the date! Details will be coming soon.

I wish you and yours a wonderful holiday season and a 2016 that is energized with a renewed and clear vision for how you can affect change in your practice and in your community. **Be a light!**

With warm and sincere personal regards,

Scott Stoll, M.D.
